

Hi Souvik,

It is our great pleasure to inform you that you have been selected to receive an Insight need-based scholarship for your participation in the session beginning May 26, 2020.

Our goal is to make sure everyone with the right skills can participate in Insight, regardless of their financial situation. Having been selected to participate, we believe you have the skills that top data-driven companies are seeking in their professionals, and we are eager for you to join us in May. Furthermore, we believe that you have demonstrated a need for financial support during the program, and we hope that this scholarship will help.

As an Insight need-based scholarship recipient, you will receive up to a total of **\$3000 USD**. Please note that the money you receive from this scholarship is a gift, not a loan. We do NOT expect you to repay the given amount. Insight awards this scholarship to enable Fellows to fully participate in the program without pressing financial distractions.

The scholarship will be granted upon your arrival on the first day of the program, and funds will be disbursed as expense reimbursements during the program. To receive the full scholarship amount, you will need to submit receipts in an amount equal to or greater than the amount of the scholarship for expenses you incurred as a result of your participation in our program. If your receipts total less than the amount of the scholarship, then you will be reimbursed for the amounts shown on your receipts but will forfeit the remaining scholarship amount. If you leave the program or have been asked to leave the program before it is completed, you will not receive any additional scholarship amount.

By accepting this need-based scholarship, you agree to fully participate in the program as defined by the program acceptance letter in good faith. To accept this Insight scholarship, please sign and return your program acceptance letter, if you haven't already done so.

We look forward to you joining the Insight Fellows program in May.

Sincerely,

A handwritten signature in dark ink, appearing to read "Jake".
